

## **Recruiting at Events, on Social media, Facebook parties, and Vip groups**

First thing to know about recruiting at events is to welcome the customer into your booth. Let her know everything is \$5.00, give her a shopping basket and let her look for a minute. Then walk away. Give her a couple minutes and go back up to her and get to know her.

How you get to know her is to pay her a genuine compliment:

1-Your purse is so cute, where did you get it?

2-Your nails are so cute, what color nail polish is that?

3-Your shoes are so cute, where did you get them?

4-Your leggings are darling, where did you get them?

You are in control of the conversation by having her answer your nice question. Then ask her if she has been to this event/boutique before? Tell her you are having a good time also!

Have a little conversation and get to know her. Then ask her if she has heard of Papparazzi before? If she says, yes say awesome! The jewelry changes weekly and it's so

exciting to see what is going to come in next! It is important to be excited when you talk about Paparazzi! Let her know you are here looking for new consultants to join your team! Tell her an example of how much you can make at a party by pieces. If you sell 40 pieces you make \$100 profit in just 2 hours. Tell her she can work from home doing facebook parties, home parties, boutiques, events, basket parties, etc! Tell her she can have her own schedule and work as little or as much as she would like! Help her see herself doing Paparazzi! If she doesn't seem interested, it is ok! If she seems interested get her name and phone number.

The key here is to get to know your customers, before you talk about the Opportunity. It is easier to talk about the Opportunity when you have a connection with them already!

How to recruit on social media! Social media we are going to talk about today is Facebook, Instagram, Twitter, and your VIP facebook customer group!

Post your story on how Paparazzi has blessed your life, rather than 45% commission and the price of the starter kits. People are more apt to join if you share how

Paparazzi has paid for your car payment, house payment etc. It helps get them thinking what things Paparazzi could pay for in their life!! Post pictures of fun times at parties, convention, events, EMP, etc!! Post pictures of jewelry!

I have had some of my consultants tell me after they joined, that they noticed how fun we have at Convention and they want to have fun with us!

Be a leader and post inspirational/motivational quotes, that aren't about Paparazzi too!

Post this graphic with the verbiage underneath on facebook, facebook parties, VIP Groups, and instagram.

**How could \$5 jewelry and accessories  
change your LIFE?**

Independent Consultants earn an immediate 45% commission on our sales!

**ASK ME HOW**

Hi beautiful ladies!!!! I love my job! am looking to help 3 ladies join my team this month! Paparazzi has helped me put my husband through school, while he could only work 4 hours a week to become a Respiratory Therapist! I helped our family become financially stable by only working Paparazzi!! Amazing to think I provided for our family of 4 doing something SOOOO FUN! You can work as much or as little as you want! You can work from home, on vacation, from your phone, and anywhere!!! Our jewelry is in such high demand! The inventory changes, which keeps customers buying!!! I love that I can work and stay home with my kids!! I would love to help you!! [#bestjobever](#) [#morethanfivedollarjewelry](#) [#wahm!](#) Post your email below for more info or just message me here on facebook!!!

Post this in your party on facebook. Also post your story and a picture of your family or just you!! A couple time during your facebook party.
